Smith College Precollege Programs

Smith Precollege is offering in-person opportunities for summer 2022. We do not plan to offer remote summer opportunities at this time. Explore your academic interests while learning more about yourself. Join other motivated high school students who want to be engaged, get inspired and expand their experiences both in and out of the classroom. Be part of supportive community led by Smith faculty, staff and undergraduate students. All programs are for young women, female-identified or gender-nonconforming students who will be entering grades 9, 10, 11 or 12 in fall 2022. <https://www.smith.edu/academics/precollege-programs/homepage>

Honoring the Legacy of Martin Luther King Jr. with Volunteer Fairfax and FCPS Service Learning:

In a recent FCPS Employee e-newsletter, information about the MLK Jr. Weekend of Service event was posted. A copy of the message is below and please share with any students and families who might be interested.

Martin Luther King Jr. Day is a federal holiday held on the third Monday in January (January 17 this year) and is observed as a **national day of service**. This day of service helps to empower individuals, strengthen communities, bridge barriers, address social problems, and move us closer to Dr. King's vision of a "Beloved Community."

FCPS will be teaming up again with **Volunteer Fairfax** who will facilitate a weekend of service to provide service opportunities for all ages. Volunteer Fairfax will begin offering both virtual, in-person, and family-friendly activities **January 15-17**.

To learn more about the Martin Luther King Jr. Weekend of Service and specific service activities, visit [Volunteer Fairfax's website](#) for more information.

VETERINARY MEDICINE CAREERS EXPLORATION:

A Virtual Workshop for High School Students Saturday, January 29, 2022 10:00 AM - 12:00 PM

Veterinarians with specialties in wildlife and emergency and critical care will discuss their work and their educational and professional journeys.

Plus, a surgical and ophthalmology veterinary nurse, who transitioned to veterinary equipment supply and sales, will share her experiences.

Register at <https://www.humanerescuealliance.org/virtual-student-programs>

The cost for the workshop is \$25. However, no student will be denied access to participate because of the inability to pay. For information on financial assistance, please contact education@humanerescuealliance.org.

The GW Biomedical Laboratory Sciences Department Presents the 2022 Biomedical Sciences Summer Immersion Program

When: This intensive program will be offered in two sessions:

- Session One: July 11 – July 15, 2022 (Virtual)
- Session Two: July 25 – July 29, 2022 (In-Person)*

***In-person session will be dependent upon GW guidance (or policy) due to the pandemic.**

Who: High school, community college, and 1st and 2nd year college students with limited laboratory experience

The overall goal for this program is to expose students, with limited laboratory experience, to the skills necessary to pursue careers in biomedical sciences. Students will be asked to select their session choice on the application.

More information about this program and links to our applications can be found on our website:

<https://smhs.gwu.edu/biomedical-laboratory-sciences/programs/summer-immersion-program>
