THE RONALD REAGAN LEADERSHIP MEDAL

This prestigious award is presented to graduating students who best exemplify the following characteristics: Drive, Humility, and Service Before Self. Every high school in America may nominate one graduating senior for a Ronald Reagan Leadership Medal. This award allows schools to recognize outstanding high school students whose drive, integrity, and

citizenship qualities are emblematic of our nation's 40th President. Each nominated student will receive an exclusive medallion and a letter of recognition from John Heubusch, the Executive Director of the Ronald Reagan Presidential Foundation and Institute. <https://www.reaganfoundation.org/education/ronald-reagan-leadership-medal/>

ELIGIBILITY

To be eligible for this award, the student must: Graduate in the current academic year and exemplify the values of Drive, Humility, and Service Before Self

Each academic year, only one graduating senior per high school may receive an award.

Please complete the [Google form](#) by March 17, 2023 for consideration.

NOVA Virtual Information Sessions (HS)

NOVA will be offering virtual information sessions to help seniors and their families learn about the opportunities, numerous services, and resources designed to get NOVA students connected to the NOVA Nighthawk Community. These sessions are open to all FCPS seniors and parents. Please see the [event flier](#) for dates and registration links. For questions, contact admissions@nvcc.edu.

Junior Parent/Student College Night

Health and Biomedical Sciences Summer Camp for High School Students

the [Lebanon Valley College Health and Biomedical Sciences Summer Program](#), which will be held at Lebanon Valley College from July 24-29, 2023! The registration portal for the camp is now open and can be found at the Camp website ([Health and Biomedical Sciences Summer Program](#)).

The goal of the [Health and Biomedical Sciences Summer Program](#) is to provide a window into the scientific basis of human health. Through lectures and **hands-on laboratory investigations** in state-of-the-art laboratories, students will be introduced to the fundamentals of disciplines such as molecular biology, neuroscience, physiology, pharmacology, immunology, and other medical sciences. Students will learn how laboratory science can be translated into improved human health, and they will engage in investigative experiences that will allow them to apply their laboratory skills to real life problems. In addition, students will interact with practicing professionals in fields such as medicine, physical therapy, toxicology, nursing and biomedical laboratory research. The Health and Biomedical Sciences camp will provide a fun, challenging and engaging college environment in which students will develop a deeper understanding of what it means to be a biomedical scientist and health professional.

National Youth Science Camp Application (HS)

[The National Youth Science Camp \(NYS Camp\)](#) is a residential science, technology, engineering, arts, and mathematics (STEAM) program designed to honor and challenge some of the nation's rising student leaders and provide them with opportunities to engage with STEAM professionals and participate in exciting outdoor activities. The 2023 NYS Camp, hosted by the National Youth Science Academy, is a hybrid experience, with students participating virtually for the first five days, followed by two and a half weeks in-person. The application for NYS Camp is now open. More information can be referenced [here](#).
