### NOVA'S DREAMERS WEBSITE TO LAUNCH THIS WEEK

NOVA is excited to unveil an updated website specifically dedicated to DREAMers—undocumented, DACA and TPS holders. This website was created to provide accurate and timely information to assist DREAMers as they navigate the admissions process. Moreover, this revamped site also contains valuable information about services and supports that promote the success of immigrant students. Aligning with our priorities, it is our mission to be a more welcoming and inclusive institution to all our immigrant students. We also want to assist undocumented students in overcoming the obstacles that they often encounter as they navigate higher education.

This site is a resource for future and current students, faculty, staff and the community alike. It contains information about the admissions process, student support services, external resources and crucial information about the tuition equity provision that now allows undocumented students to be considered for in state tuition.

We invite you to [visit this updated website](#) to explore the content and share these resources with students, colleagues and the local community. If you have any questions, you may contact Rommel Aguilar (AN), [raguilar@nvcc.edu](mailto:raguilar@nvcc.edu), or Monica Gomez (LO), [mogomez@nvcc.edu](mailto:mogomez@nvcc.edu)

### **(GIVE) Growth and Inspiration through Volunteering and Education Youth**

GIVE Tutoring is a student run non-profit organization that provides free tutoring for elementary school students. Students are tutored by high school volunteers on the weekends during the school year. We have 20+ locations in the Northern Virginia area, including one at Burke Centre Library. Last year we had conducted tutoring virtually and now are proceeding with in-person sessions with COVID-19 precautions in place which includes: requiring masks regardless of vaccination status, socially distancing, sanitization, and monitoring of all students and tutors in addition to any future recommendations from the CDC.

Students may apply to tutor at [giveyouth.org](http://giveyouth.org) or email [burke.centre@giveyouth.org](mailto:burke.centre@giveyouth.org).
