VDOT Virtual Career Fair

The Virginia Department of Transportation (VDOT) participates in the Federal Highway Administration initiative to promote the transportation industry and the careers it offers to America's youth.

Each year, VDOT contributes to the education and recruitment of the transportation industry's future workforce by holding a career fair.

The purpose of the career fair is to showcase the benefits of careers in transportation and inspire students to consider transportation-related fields while they make their future career goals and plans.

Engineering firms, organizations, agencies and contractors from all across Virginia participate in this event.

Students are welcome to come to the Career Center (L102) if they would like to attend during Advisory/WIN time.
