Bridging Bruins

Bridging Bruins is an Externship program that provides students with the opportunity to end their school year early and begin working as an intern to explore future career paths and gain valuable experience in a work environment of their choice.

The program places students in a short-term career exploration experience. The opportunity connects them with professionals in a specific career field and helps them explore the career to learn about the education and training required to succeed. Our students benefit from a more in-depth experience about potential careers and helps them learn to apply the skills they have learned in our classrooms.

Bridging Bruins

Application Opens: March 4th, 2024

Application Deadline: March 22nd, 2024
