# BRUIN NATION: UNDERSTANDING OUR NEW SHARED VISION

At the start of the 2019-2020 school year, Lake Braddock set out to develop a new shared vision of learning. A Shared Visioning Committee led the process and sought input from all stakeholders in our Lake Braddock Community. Using school data, conducting site visits to other schools and school systems, and guided by FCPS and Virginia Department of Education priorities, the Shared Vision Committee crafted our new vision for learning. Learn how our new vision was developed and how our new path was charted by watching our Shared Vision video.

This vision has inspired and focused our work as it influences daily instruction and decision-making processes. Our new vision guides our work to prepare all students to become Connected, Adaptable, Resilient, and Engaged learners by developing their knowledge and skills while emphasizing the importance of growing their understanding of themselves and their community to thrive in a dynamic world. These four attributes can be found in our motto #BruinsCARE, student recognition, foundation of our advisory lessons, and more!

Grounded in the work of the Shared Vision, Lake Braddock will launch its new 2021-22 theme, "Every Bruin Has A Story." Together, all Bruins will embark on their own journeys of self-discovery through authentic learning experiences to showcase their most authentic selves. Please join us as we grow from the story of learning that we have been telling as we create the story that we want to tell.

*Lake Braddock Secondary School*  
prepares all Bruins to be  
**CONNECTED, ADAPTABLE, RESILIENT, AND ENGAGED LEARNERS**  
by developing students'

<b>KNOWLEDGE AND SKILLS</b>	<b>&amp;</b>	<b>UNDERSTANDING OF SELF &amp; COMMUNITY</b>
authentic teaching and learning experiences with a focus on rigor, curiosity, Portrait of a Graduate, and transfer of skills		with a focus on responsibility, service, empathy, social-emotional learning, equity, and inclusion

through  
**VOICE, CHOICE, AND INNOVATIVE  
APPROACHES**

**TO ENSURE ALL OUR BRUINS THRIVE IN A  
DYNAMIC WORLD.**

## Request a Locker:

This year we will be distributing lockers by request only. This method will allow for greater student safety against prohibited items as well as improve student health with less touch surfaces and crowded areas.

Additionally, we have found a trend over the years that many students rarely utilize their lockers, which has had a positive impact on more on-time class arrivals.

If you wish to request a locker for your student, please complete the following Google form: <https://forms.gle/7iyZHaZUzM65UyTB8>

### Absences:

LBSS has an attendance line for each subschool. Parents/Guardians should use the attendance line when calling in their student's absence or tardy or complete the [online form](#).

### Late Check-Ins:

Students arriving late to school must enter the school at the main entrance and check in at the security desk. The student will be given a tardy pass from the security kiosk. A note or phone call from a parent is required for an excused pass to class. Students must make contact with all teachers for any class missed.

### Early Check-Outs:

Students should bring a note to their subschool in the morning. They will then be provided with a pass to leave class. Notes must include the name of the person picking up the student. This person must also be listed as an emergency contact.

Students must sign out of school through their subschool before leaving the building.

Students will meet parents/guardians inside the main entrance at the security desk. The person picking up the student must come in and show their ID at the security desk.

### Locker Issues:

Locker repair forms will be available in subschool offices during the school year. Students should complete this form if they are having issues with their locker.

## Student Information System (SIS) ParentVue & StudentVue Accounts

**SIS ParentVue** will provide access to view your child's student information, including attendance, report cards, class schedules, gradebook (for middle and high school students), course history, discipline, health, and school information.

A mailing will be sent during the week of August 9th to all newly registered students' parents/guardians. A second mailer will go out during the week of September 13th to parents of any new students registered between August 7th and September 10th. These mailers will include detailed instructions on how to create your SIS ParentVue account. You have each been assigned a unique activation code which you must use to register. The user must provide a valid email address to create the account. After these two mailings, parents/guardians will need to request an account at <https://www.fcps.edu/resources/technology/student-information-system-sis-fcps/sis-parent-account-overview>

Please note: SIS will be live on August 19th, but grades will not be available until September 7th.

**SIS StudentVue** will allow students access to this information as well. Students will use the same login they use to access school computers. Students can access StudentVue through [https://sisstudent.fcps.edu/SVUE/Login\\_Student\\_PXP\\_OVR.aspx](https://sisstudent.fcps.edu/SVUE/Login_Student_PXP_OVR.aspx)

**Schoology** is the learning management system that FCPS has adopted to replace FCPS 24-7 (Blackboard). Schoology is a learning space that enhances communication, collaboration, and personalized learning for students, teachers, and families. As a parent or guardian, you will be able to use Schoology to view your child's classes, assignments and participation and calendar along with teacher comments, scores and feedback. You need to have an active SIS ParentVUE Account to be able to login to your Schoology Parent account. The same username and password are used to access both the SIS ParentVUE and Schoology.

If you are having any issues accessing your Schoology Learning or ParentVue account, please use the link below to notify the school of the issue: <https://itweb.fcps.edu/ParentView/index.cfm>

Additional information can be found on the [Lake Braddock website](#) and the [FCPS website](#).

## Needs Assessment Opt Out

You have the right to consent before your student participates in any federally-funded survey asking about any of the following: political affiliation or belief of the student or parent; mental or psychological problems of the student or student's family; sexual behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of others with whom respondents have close family relationships; legally recognized privileged relationships, such as with lawyers, doctors, or ministers; religious practices, affiliations, or beliefs of the student or student's parent; and income (other than is required by law to determine program eligibility).

You have the right to opt your student out of participation in any survey, regardless of funding source, that requests information about the topics listed above or that requests medical information, information on student health risk behaviors related to alcohol, tobacco or illegal drugs, other information on controlled substance use, or any other information that the School Board deems to be sensitive in nature. This includes the Needs Assessment counselors give to students at the start of the school year.

If you would like to opt-out your child from our Needs Assessment, please contact your child's counselor before Friday, August 27th.

# Counselor Lessons: Fall 2021

## Senior Lesson

The week of **September 7th**, all counselors will meet with their seniors during Advisory.

## Freshman Lesson

The week of **September 13th** all counselors will meet with their freshman during Advisory. Counselors will begin to connect with their students and explain the role of the counselor in high school.

## Needs Assessment

This fall all students will be asked to complete a Needs Assessment. This brief survey is given to all students and lets the counselors know what types of programs we should focus on. It also allows students to note any counseling groups they may be interested in participating in. Parents have the right to opt their student out of the Needs Assessment. If you would like to view the Needs Assessment, please contact your child's counselor. Counselors will connect with students individually based on any concerns they note on their needs assessment.

## Grading & Reporting

Parents will receive an FCPS generated weekly email with their student's grades in all classes. This email will contain the student's overall grade in each class. For more detailed information on your student's grade you will need to access your SIS ParentVue account. Access to student grades will be available starting on September 7th through your SIS ParentVue account. This will be a great tool for you to stay informed of your child's progress in all their academic classes. Weekly progress reports will be sent starting September 13th.

In addition to these weekly progress reports, detailed progress reports will be emailed at interim and at the end of each quarter.

Report cards will be carried home by students at the end of each quarter. For additional information on FCPS grading and reporting policies, please visit <https://www.fcps.edu/academics/grading-and-reporting/secondary>.
